Did you know that you could upgrade your recycling bin to a 360-litre bin for a one off charge of \$51? Contact Councils waste hotline on (02) 6660 0350 to recycle more today!

Got other waste?

Council operates landfills at Casino (Nammoona) and Coraki (Bora Ridge) as well as Transfer Stations at Evans Head and Rappville.

Separate services for E-Waste, fluorescent tubes, batteries, steel, gas bottles and tyre recycling are available at all landfills and transfer stations.

Richmond Valley Council has joined the "drumMUSTER" program and will now be accepting clean triple rinsed used farm chemical containers at all our landfill and transfer station sites at Casino, Bora Ridge and Evans Head. This collection is free of charge.

On arrival at the landfill, please advise the site supervisor who will inspect containers to make sure they are free of chemical residue. Steel and plastic drums are accepted, containers must be triple rinsed and lids should be removed before delivery.

DO THE RIGHT THING USE THE RIGHT BIN
